Dear Mr. Dulac:

This is a final response to your 3 December 2018 Freedom of Information Act (FOIA) request, received in the office of the Information and Privacy Coordinator on 3 December 2018, for records on **Stargate Project**. We have assigned your request the reference number above. Please use this number when corresponding with us so that we can identify it easily.

As you know, **Project Star Gate** was one specific, rather short-lived, program that dealt with research into the parapsychological phenomenon known as remote viewing. During recent years, however, we have come to use "Star Gate" as a rubric for a series of CIA and U.S. military remote viewing research projects. The individual projects are now defunct, and today CIA does not fund remote viewing research.

Pursuant to a 1995 Congressional mandate, CIA collected the CIA and Department of Defense records concerned with parapsychological phenomena, mainly "remote viewing," and began a program of review with the intention of declassifying as many of these documents as possible. These records, now referred to as the Star Gate Collection, include all releasable information on the related projects and terms STAR GATE, GRILL FLAME, CENTER LANE, SUN STREAK, STUNT PILOT, PHOENIX, and SCANATE.

The Project Star Gate collection is now available on DVD at a cost of \$10. If you would like to purchase your own copy of the **Project Star Gate** collection, send your check or money order for **U.S. \$10**, made payable to the **Treasurer of the United States**, to:
